The IN! Tailgate Fundraiser brings families, school partners, and local businesses together to celebrate the power of inclusive higher education in Colorado! Together we will raise funds that ensure students with intellectual disability (ID) have access to higher education and the supports necessary to achieve their dreams!

As a non-profit organization, IN! plays a critical role in advocating for the inclusion of students with ID in postsecondary settings. Ensuring their equal access to opportunities that foster academic growth, social development, greater independence, and career advancement is our central goal.

Join IN! and help strengthen inclusive higher education pathways statewide!
